The image shows a 'User Registration' dialog box for 'Pluck'. The title bar says 'User Registration'. The Pluck logo is in the top left. On the left side, there is a list of reasons to register: 'Why register: Can't share. Can't sync. What can you do? More marketing stuff.' The main area contains registration fields: 'E-mail address:' with the value 'busey@pluck.com', 'Password:' with '\*\*\*\*\*', and 'Confirm Password:' with '\*\*\*\*\*'. A reference number '300' with an arrow points to the 'Confirm Password' field. Below these fields is a note: 'E-mail addresses must be verified before the account can become active. In future versions you will be able to register multiple e-mail addresses.' and another note: 'Passwords must be at least six characters in length and must contain at least one number or symbol.' There is a section 'Do you use multiple computers?' with radio buttons for 'Yes' and 'No'. A note below says: 'Select yes if you use multiple computers and you want Pluck to help you keep your web experience synchronized between them.' At the bottom are three buttons: '< Back', 'Next >', and 'Cancel'.

**User Registration**

**Pluck**

Why register:  
Can't share.  
Can't sync.  
What can you do?  
  
More marketing stuff.

**E-mail address:**  
busey@pluck.com

E-mail addresses must be verified before the account can become active. In future versions you will be able to register multiple e-mail addresses.

**Password:**  
\*\*\*\*\*

**Confirm Password:**  
\*\*\*\*\*

300

Passwords must be at least six characters in length and must contain at least one number or symbol.

**Do you use multiple computers?**  
☒ Yes  
☐ No

Select yes if you use multiple computers and you want Pluck to help you keep your web experience synchronized between them.

The image shows a software dialog box titled "User Registration" with a subtitle "Multiple Computers Synchronization Options". It contains two radio button questions. The first question asks if the user wants Pluck to automatically synchronize favorites information between multiple computers, with "Yes" selected. The second question asks if the user wants Pluck to import favorites from Internet Explorer into Pluck Favorites, also with "Yes" selected. A note below explains that synchronization only works with Pluck Favorites and that existing favorites must be synchronized if this option is chosen. A reference numeral "300" with an arrow points to the right side of the dialog box. At the bottom are three buttons: "< Back", "Next >", and "Cancel".

**User Registration**

**Multiple Computers**  
Synchronization Options

Do you want Pluck to automatically synchronize your favorites information between multiple computers ?

☒ Yes  
☐ No

Do you want Pluck to import your favorites from Internet Explorer into Pluck Favorites?

☒ Yes  
☐ No

Note: Synchronization only works with Pluck Favorites, so if you want your existing favorites to be synchronized between multiple computers you must select this option

**What is synchronization?**

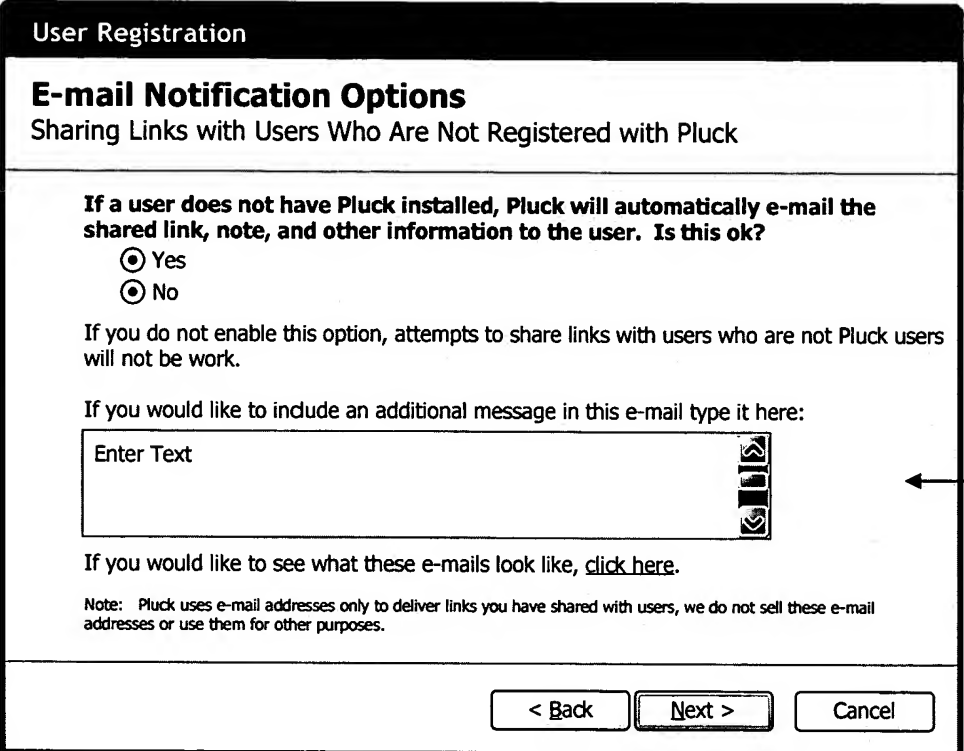

*You can turn synchronization on later if you choose not to activate it now.*

5/22

The image shows a software dialog box titled "User Registration". Inside, there is a section titled "E-mail Notification Options" with the subtitle "Sharing Links with Users Who Are Not Registered with Pluck". The main text asks: "If a user does not have Pluck installed, Pluck will automatically e-mail the shared link, note, and other information to the user. Is this ok?". There are two radio buttons: "Yes" (selected) and "No". Below this, a paragraph states: "If you do not enable this option, attempts to share links with users who are not Pluck users will not be work." Another paragraph asks: "If you would like to include an additional message in this e-mail type it here:". This is followed by a text input field with the placeholder "Enter Text" and a small icon button on the right. A label "300" with an arrow points to this icon button. Below the input field, there is a link: "If you would like to see what these e-mails look like, [click here](#)." A note at the bottom states: "Note: Pluck uses e-mail addresses only to deliver links you have shared with users, we do not sell these e-mail addresses or use them for other purposes." At the bottom of the dialog are three buttons: "< Back", "Next >", and "Cancel".

The image shows a software dialog box titled "User Registration" with a sub-header "Invite Users". The main text inside the box reads: "Invite your friends to use Pluck so that you can easily share links with them, create private shared folders with them, and much more." Below this is a section labeled "Enter e-mail addresses here:" followed by a text input field containing "dpanos@pluck.com, sryder@pluck.com". A note below the field states: "Multiple e-mails should be separated with commas." To the right of the input field, there is a reference number "300" with an arrow pointing to the field. Below the email input is a larger text area labeled "Enter Text" with a vertical toolbar on its right side containing icons for undo, redo, bold, italic, and list. At the bottom of the dialog, there is a note: "Note: Pluck will send one invitation to the user(s) you invite. Pluck will not spam them, share their e-mail address, or send them additional e-mails (unless you share a link with them later)." and three buttons: "< Back", "Next >", and "Cancel".

User Registration

**Invite Users**

Invite your friends to use Pluck so that you can easily share links with them, create private shared folders with them, and much more.

**Enter e-mail addresses here:**

dpanos@pluck.com, sryder@pluck.com

Multiple e-mails should be separated with commas.

300

Enter Text

Note: Pluck will send one invitation to the user(s) you invite. Pluck will not spam them, share their e-mail address, or send them additional e-mails (unless you share a link with them later).
